DETAILED ACTION

Allowable Subject Matter

1. Claims 14-20 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 14, the prior art of record neither shows nor suggest a method of forming an emitter comprised of, in part, forming a quantum dot zeolite emission layer comprising a plurality of cages and having semiconductor materials held within the cages, along with the other limitations of the claim.

Due to their dependency, claims 15-20 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
